

## Report to Shareholders For the 3 Months Ended June 30, 2020

tTech Limited is pleased to submit the unaudited results for the quarter ended June 30, 2020.

#### **Financial Performance**

For the period which some refer to as the "COVID Quarter", tTech recorded revenues of \$82.7 million which is 8.5% below the corresponding period in 2019 (\$90.5 million). Expenses for the period were \$78.6 million, a decrease of 4.6% over the same period in 2019 (\$82.5 million). Net Profit (Total Comprehensive Income) for the period was \$8.6 million. This represents a 45.4% decrease over the same period in 2019 (\$15.7 M). This was mainly due to several projects put on hold and postponed for later in the year by customers.

#### **Highlights -** tTech Operational Pivot

We are happy to report that during the quarter our team rose to the challenge of making the shift to work remotely from home while maintaining very high levels of service delivery. The Service Desk team in particular did an excellent job by consistently resolving the majority of the support issues raised by our customers in a timely manner while working remotely.

Our major marketing event, TechCon by tTech, had to be postposed, reimagined and delivered digitally via a series of webinars over the course of 9 weeks. The topics delivered in association with our business partners included: The Data Protection Act and tTech's Role in IT Compliance for Privacy; How to Reduce your CyberSecurity Risks; Getting the Most out of Office 365; Business Case for Moving to the Cloud; Consumer Payment Behavior and How to Secure These Transactions; IT Industry 2020 Trends and What the Pandemic has Changed. Feedback has been very positive resulting in an increase in our prospect pool of potential revenue opportunities for tTech. Due to the high interest in the impact and ramifications of the new Data Protection Act (DPA), we repeated the webinar on that topic and we are receiving increased interest in our Data Privacy Solutions-As-A-Service.

During the first half of the year, our revenues grew over the same period last year and we expect this trend to get even better as we head into the second half of the year. Our pipeline is steadily growing, fueled by companies looking to enable a more flexible work environment for their employees, the need to remotely manage their IT environments, and the increasing importance of securing their devices, data and networks.

#### **COVID-19 Effect**

tTech's diversified portfolio of customers spared the company from the worst scenarios projected during the near-lockdown period between March and June. Some projects were put on hold by customers, but new opportunities presented themselves as more organizations realized that they needed assistance to move their IT operations to the cloud or to enable their staff to work remotely from home.

tTech Limited 69 ½ Harbour Street, Kingston, JAMAICA Tel: 876.656.8448 | Fax: 876.922.0569

www.ttech.com.jm

As the Government of Jamaica issued the call to return to office on June 1, tTech implemented a phased approach by staggering team members, with some returning to the office and others continuing remote working from home.

All team members in office are required to sanitize and wear masks, a designated seating plan is in place for all employees to ensure we maintain social distancing and team members are required to complete a Health Screening questionnaire before approval is granted for entry into the office.

Outlook for the 3<sup>rd</sup> quarter, as restrictions are eased, is positive. We expect a few of the postponed projects to be restarted. Our online marketing activities have contributed to more prospective customers becoming interested in our services which has resulted in a healthy pipeline of real opportunities. We are very excited with the signing of new customers, both locally and regionally, for our managed IT services and looking forward to onboarding them shortly.

#### Summary

All things considered, we are grateful to be kept busy in this crisis and our organization is working aggressively on our promise of delivering insanely good IT Services to our valued clients. On behalf of the tTech board and management, I would like to thank our team of dedicated IT Professionals, and our valued customers who are becoming more like business partners by showing continued confidence in tTech and our services. Be Safe!

G. Christopher Reckord Chief Executive Officer
