

Report to Shareholders For the 3 Months Ended March 31, 2021

tTech Limited is pleased to submit the unaudited results for the quarter ended March 31, 2021.

Financial Performance

For the period, tTech recorded revenues of \$96.3 million, an increase of 10.1% above the corresponding period in 2020 (\$87.5 million). Expenses for the period were \$60 million, this is practically flat compared to the same period in 2020 (\$59.4 million). Net Profit (Total Comprehensive Income) for the period was \$8.0 million. This represents a 94% increase over the same period in 2020 (\$4.1 million).

tTech has now entered phase two of the Junior Market incentive scheme where 50% of income taxes will be remitted to the Government of Jamaica during the second five years of listing on the Junior Market of the Jamaica Stock Exchange.

Highlights

tTech has had an encouraging start to 2021. Our marketing activities during the second half of 2020 have begun to bear fruit; also customers who reached out to us for assistance as a result of the pandemic are requesting more services and products. Several other new opportunities have been converted contributing positively to revenues and profits in the quarter. Another major contributing factor towards the momentum is tTech's continued rollout of a holistic business management system to align and synchronize our business processes, particularly in relation to service delivery.

Data Protection as a service launched

The Data Protection Act, 2020, which seeks to safeguard the privacy and personal information of Jamaicans was passed by the upper and lower houses of parliament and approved by the Governor General of Jamaica in mid-2020. While the nation awaits an effective date, the laws now require that personal data must be protected using appropriate technical and organizational remedies. tTech provides the IT Security services required to implement these technical measures and we have partnered with a boutique Data Protection services firm, Design Privacy, to offer the complete set of technical & organizational Data Protection services to all Jamaican businesses. We had a successful launch of this service in the quarter which saw a number of organizations signing up for a special introductory offer.

COVID-19

Our team at tTech has fully adapted to the hybrid on-premises/remote working environment and we are still focused on adhering to all the protocols while delivering the expected IT services to our customers regardless of where we sit.

TechCon by tTech 2021.

During the period the marketing team began preparations for TechCon, our annual business technology event to be held online this year on May 18-19. At TechCon, business and technology decision makers come together to learn about the latest IT trends and Digital Transformation solutions that can help organizations to improve efficiencies, reduce costs, increase profits, improve team engagement and increase customer satisfaction. The theme of this year's event is "Enabling a Digital Society: Resilience in the Face of Change". Please visit our website www.ttech.com.jm for more information and to register.

Summary

tTech is working aggressively to fulfill our promise of delivering insanely good IT Services to our valued clients and we are grateful for the opportunities we receive weekly. On behalf of the board and management, I would like to thank our team of dedicated IT professionals, and our valued customers who are becoming more like business partners by showing continued confidence in tTech and our services. Be Safe!!
