Report to Shareholders For the 3 Months Ended Sept 30, 2022

tTech Limited is pleased to submit the unaudited results for the quarter ended Sept 30, 2022.

Financial Performance

For the period, tTech earned revenues of \$98.0 million, a marginal increase compared to the corresponding period in 2021 (\$96.6 million). Total expenses for the period were \$95.7 million, an increase of 6.6% compared to the same period in 2021 (\$89.7 million). The quarter operations resulted in tTech recording a profit of \$1.8 million for the period.

Highlights

During the period under review, tTech completed one its largest cybersecurity projects to date, the implementation of a leading Endpoint Detection and Response (EDR) solution with artificial intelligence (AI) and machine learning (ML) capabilities across multiple organizations and geographies. We have been on a push to improve the Cybersecurity protection of all our customers. We have been on a campaign to inform and educate customers and prospects; our main message during the period was to replace or upgrade all antivirus with faster and smarter AI-powered prevention and autonomous detection and response solutions. These advanced cybersecurity solutions seamlessly combine automation with both AI and ML to detect and remediate modern attacks in real-time, at machine speed, and without extra intervention.

The Sales & Marketing team closed on new contracts during the period that will contribute positively to both top and bottom line over the next 12 months.

Also, during the period, we hosted a successful Digital Transformation Webinar under the title: **Why Digital Transformation projects fail, what to do and what not to do**. We had about 90 highly engaged attendees who gave us positive feedback and insights for future events.

Special Announcement

After 10 years of service to tTech Limited, approximately 5 years as CEO, I have decided to exit the organization effective November 30th, 2022, to explore some other opportunities that have been on the table for some time. Norman Chen, who currently serves as tTech's Director for IT Security, will assume the role of Acting CEO on December 1, 2022. Norman joined the tTech team in 2013, where he has served in several leadership roles.

I am proud of the team, both present and former, that I had the opportunity to work with and I am also very proud of the name and reputation that we have built in the local and regional market during my tenure.

I take this opportunity to thank our management team, our board of directors and to you our shareholders, especially those that attend our Annual General Meetings to dialogue with us towards improvement in our company.

Summary

tTech is working aggressively to fulfil our promise of delivering insanely good IT Services to our valued clients and we are grateful for the opportunities we continuously receive. On behalf of the board and management, I would like to thank our team of dedicated IT professionals, and our valued customers who are becoming more like business partners by showing continued confidence in tTech and our services. Be Safe!!
