GK Capital Management Limited have issued an Availability of Funds letter dated December 6, 2024 confirming the sufficiency of funds invested with it to complete the transaction, taking into account the funding made available by the FGB facility. Both documents are available for inspection as set out in section 6 below.

Delisting of tTech

1. The Junior Market Rules of the JSE provide that for a company to be eligible for listing, it must have at least one hundred (100) participating voting shareholders holding at least twenty percent (20%) of the company's shares. If based on acceptances received in response to this Offer, the Company no longer satisfies these requirements, the Junior Market Rules give the JSE the **discretion** to delist the Company (Junior Market Rule 505(14)(a) (i)). Kindly note that there is no guarantee that the JSE will delist the Company as it considers various factors in arriving at this decision.
2. In any event, it is the Offeror's intention to procure that the shares of tTech are delisted from the Junior Market of the JSE following the close of this Offer pursuant to Junior Market Rule 505(14)(b).
3. In the event of delisting of the all the issued and outstanding shares in the capital of tTech, they will cease to be tradable on the floor of the JSE, and all transfers of the said shares will be liable to taxation, since the exemption from transfer tax (which is payable by the vendor) and stamp duty extended in respect of shares listed on an approved stock exchange will cease to be applicable. Kindly note that transfer tax is assessed at two percent (2%) of the value of the shares being transferred while stamp duty is a flat fee of Five Thousand Jamaican Dollars (J\$5,000).
4. In addition, if the Company is de-listed from the JSE's Junior Market, going forward, it would not only lose the tax benefits which it currently enjoys under the Income Tax (Jamaica Stock Exchange Junior Market) (Remission Notice), 2009 but all income tax remitted in the years since it was listed on the JSE's Junior Market on January 7, 2016 would have to be repaid.
5. If the requirements of section 209 (1) of the Companies Act are met, the Offeror intends to utilize the provisions of the section to pursue the compulsory acquisition of the Shares it did not acquire in response to the Offer. In this event, the Offeree may seek to procure that the JSE permits tTech to remain listed pending the completion of the compulsory acquisition process to facilitate the resulting transfer of the Shares.

6. The attention of tTech shareholders (particularly those who are citizens or residents of jurisdictions outside Jamaica) is drawn to Appendix 2 of the TOBC. However, all tTech shareholders, wherever resident should read paragraph 5 of Appendix 2 of the TOBC which contains additional representations and warranties which will be incorporated in their acceptance of the Offer.

4. THE RECOMMENDATION

The Board of Directors of tTech Limited (“tTech”) appointed a Special Committee comprising independent directors Mr. Richard Downer, Ms. Tracy-Ann Spence and Ms. Joan Marie Powell to review and evaluate the Offer, including obtaining a fairness opinion from an independent financial advisor.

The Special Committee carried out a Request for Proposal process and Jamaica Money Market Brokers Limited (“JMMB”) was selected and retained to prepare a valuation of tTech and provide an opinion as to the fairness, from a financial point of view, of the consideration offered to shareholders under the Offer.

JMMB has provided a Comprehensive Valuation Report dated November 28, 2024 which determined the fair market value of 100% of the issued and outstanding shares in tTech as at September 30, 2024 to be approximately:

- (i) J\$208.2 million assuming the Company delists after the acquisition, equivalent to J\$1.96 per share.
- (ii) J\$233.1 million assuming no delisting post-acquisition, equivalent to \$2.20 per share.

JMMB has also provided a Fairness Opinion dated December 16, 2024 which concludes that based upon and subject to the scope of review, assumptions, limitations and other relevant factors, the Offer price of J\$2.20 per share in cash is fair, from a financial point of view, to the shareholders of tTech.

Copies of the Valuation Report and Fairness Opinion are available for inspection as outlined in Section 5 and the Fairness Opinion is reproduced in Appendix 3 of the Directors’ Circular. Your attention is drawn to the statement on page 26 of the valuation report that “Based on our valuation, the Fair Market Value under the income approach is less than the net asset value therefore the net asset value will represent the intrinsic value of the business”.

After careful consideration of the Offer and the advice received, including the valuation results and fairness opinion provided by JMMB, the Special Committee's recommendation to shareholders is to ACCEPT the Offer for the following reasons:

1. The Offer provides shareholders the opportunity to realize an immediate cash return on their tTech investment, without being subject to the risks and uncertainties associated with tTech's future financial and operating performance and the ability to sell their shares to the market.
2. JMMB, as an independent valuator, has concluded that the Offer price is fair from a financial point of view to tTech shareholders. The Offer price falls within JMMB's valuation range of J\$1.96 if the shares are delisted to J\$2.20 per share if the shares are not delisted.
3. If the Offer is successful and tTech is delisted in keeping with the stated intent of the Offeror, shareholders who do not accept the Offer will hold shares in a private, unlisted company which may have significantly less liquidity and could be difficult to sell in the future.

The Directors wish to remind shareholders that the decision to accept or reject the Offer is an individual decision which should be made after careful consideration of all relevant information, including the Offer Circular issued by Simply Secure Limited, this Directors' Circular, and the specific circumstances of each shareholder. If in doubt about how to respond to the Offer, shareholders should consult their stockbroker or other professional advisor.

5. DOCUMENTS AVAILABLE FOR INSPECTION

Copies of the following documents will be available for inspection, by appointment, during the hours of 9:00 a.m. to 4:00 p.m. on any business day whilst the Offer remains open for acceptance at the office of the offices of tTech Limited at 69 1/2 Harbour Street, KINGSTON:

- (ii) the Articles of Incorporation of tTech Limited;
- (iii) Letter dated December 2, 2024 from First Global Bank Limited to the Board of Directors of tTech Limited;

Fairness Opinion in relation to Cash Offer from Simply Secure Limited

Dear Sirs,

Introduction

Jamaica Money Market Brokers Limited (“JMMB”) understands that tTech Limited (“tTech” or the “Company”) is considering entering into an agreement with Simply Secure Limited (“Simply Secure” or the “Offeror”) pursuant to which Simply Secure proposes to acquire all of the ordinary shares of tTech (the “Shares”) by way of a take-over bid (the “Offer”). The Offeror has already acquired 73,229,223 tTech Shares amounting to 69.1% of the Company’s ordinary stock units through a series of acquisitions at a price not exceeding J\$2.20 per share.

Pursuant to the Offer, holders of the Shares (the “Shareholders”) will receive cash consideration of J\$2.20 (the “Offer Consideration”) for each Share. The Offer is referred to as the “Transaction”, and the Offer Consideration, is referred to as the “Consideration”. The above description is summary in nature.

On December 12, 2024, the Offeror notified the Board of Directors of the Company (the “Board”) of its intention to make a mandatory offer for the remaining ordinary shares while observing the provisions of the Securities (Takeovers and Mergers) Regulations 1999 and Part 6 (Takeovers, Mergers and Amalgamations) of the Jamaica Stock Exchange’s Junior Market Rules.

The specific terms and conditions of the Transaction are described in the Offer to all of tTech’s ordinary shareholders titled “Offer Circular” and in the directors’ circular of tTech (the “Directors’ Circular”) which are to be mailed to Shareholders in connection with the Transaction.

Engagement of JMMB by tTech

Representatives of tTech initially met JMMB on 26 July 2024, regarding a potential advisory engagement and JMMB was engaged by tTech pursuant to an engagement letter (the “Engagement Letter”) dated 2 August 2024 to provide a comprehensive valuation of the Company. On November 11, 2024, at the request of tTech, JMMB was requested to prepare a fairness opinion from a financial point of view, in the event an offer was received (the “Fairness Opinion”).

- (xii) tTech has complied in all material respects with the Engagement Letter; and
- (xiii) to the best of its knowledge, information and belief after due inquiry, there is no plan or proposal for any material change in the affairs of tTech which have not been disclosed to JMMB.

In preparing the Fairness Opinion, JMMB has made several assumptions, including that all final or executed versions of documents will conform in all material respects to the drafts provided to JMMB, conditions to the Offer can be satisfied in due course, all consents, permissions, exemptions or orders of relevant regulatory authorities or third parties will be obtained, without adverse condition or qualification, the procedures being followed to implement the Offer are valid and effective, the Offer Circular and the Directors' Circular will be distributed to the Shareholders of tTech in accordance with all applicable laws, and the disclosure in the Offer Circular and the Directors' Circular will be accurate, in all material respects, and will comply, in all material respects, with the requirements of all applicable laws. In its analysis in connection with the preparation of the Fairness Opinion, JMMB made numerous assumptions with respect to industry performance, general business and economic conditions, and other matters, many of which are beyond the control of JMMB, or tTech or any of its respective affiliates. Among other things, JMMB has assumed the accuracy, completeness and fair presentation of and has relied upon, without independent verification, the financial statements forming part of the Information.

The Fairness Opinion has been provided for the use of the Special Committee of the Board of Directors only and is not intended to be, and does not constitute, a recommendation that any Shareholder tender their Shares. The Fairness Opinion may not be used for any other purpose, without the express prior written consent of JMMB. JMMB denies any responsibility for losses which result from the unauthorised use of this Fairness Opinion.

The Fairness Opinion does not address the relative merits of the Offer as compared to other transactions or business strategies that might be available to tTech, nor does it address the underlying business decision to the sale of Shares. In considering fairness, from a financial point of view, JMMB considered the Offer from the perspective of Shareholders of tTech generally and did not consider the specific circumstances of any particular Shareholder, including with regard to income tax considerations. Shareholders should consult an independent expert if such a Shareholder is in any doubt as to the merits or otherwise of the Offer.

The Fairness Opinion is rendered as of December 16, 2024 on the basis of securities markets, economic and general business and financial conditions prevailing on that date and the condition and prospects, financial and otherwise, of tTech, and its affiliates as they were reflected in the Information provided or otherwise available to JMMB. Any changes therein may affect the Fairness Opinion and, although JMMB reserves the right to change or withdraw the Fairness Opinion in such

Special Committee to the Board of Directors
tTech Limited

December 16, 2024

event, it disclaims any undertaking or obligation to advise any person of any such change that may come to its attention, or update the Fairness Opinion after such date.

The preparation of a fairness opinion is a complex process and is not necessarily amenable to partial analysis or summary description. JMMB believes that its analyses must be considered as a whole and that selecting portions of the analyses or the factors considered by it, without considering all factors and analyses together, could create an incomplete view of the process underlying the Fairness Opinion. Accordingly, this Fairness Opinion should be read in its entirety.

Our Approach in Arriving at a Conclusion

In preparing the Fairness Opinion, JMMB has been guided by techniques and assumptions that it considered appropriate and necessary in the circumstances. In carrying out our work, we have amongst other things, considered the following:

1. Analysis of the terms and conditions of the Offer as set out in the Offer Circular
2. Analysis of the financial projections in order to understand the components of the expected future cash flows and capital expenditures
3. Valuation and sensitivity analyses to assess the value of the shares of the company immediately prior to the Offer
4. Discussions with management and the select members of the Board of Directors of tTech regarding understanding the business, operating performance, the structure of the proposed Offer and the financial projections.
5. Market research to review publicly available information regarding guideline public companies general economic and industry conditions.

The valuation approaches that we considered in our valuation are as follows:

1. *Income Approach (specifically Discounted Cash Flow "DCF" analysis)* – Using the forecast information, we applied a DCF methodology which considered the amount, timing and level of certainty of the future cash flows expected to be generated by the Company. Under a DCF approach, forecasted cash flows are discounted back to the present date, generating a net present value for the cash flow stream of the Company. A terminal value at the end of the explicit forecast period is also determined and that value is discounted back to the valuation date to give an overall value for the Company.
2. *Market approach* - The market approach considered public equity market data for similar businesses to determine multiples or other financial ratios that can then be used in conjunction with the DCF approach to support value conclusions. A comparable company analysis was used to review of the public equity market with a view to determining implied ratios and multiples for a public company to apply to the valuation of a comparable private company.
3. *Adjusted net book value* - Asset-based techniques are solely based on the fair market value of the net assets of the business without consideration of its future earnings capacity. The asset-based

Special Committee to the Board of Directors
tTech Limited

December 16, 2024

approach is used differently depending on whether or not the business is a going concern. An adjusted book value approach is appropriate in the valuation of a business whose fair market value is closely related to its underlying assets as opposed to its earnings capacity.

While the market-based approach is not the primary valuation approach it is used to aid in the reasonableness check for the valuation results. Given that there is an identified purchaser of the Shares, we determined the intrinsic value of the Shares in arriving at our conclusion i.e. the en bloc fair market value of the Shares. For the purpose of this Fairness Opinion, fair market value is defined as the highest price, expressed in terms of cash equivalents, at which property would change hands between a hypothetical willing and able buyer and a hypothetical willing and able seller, acting at arms-length in an open and unrestricted market, when neither is under compulsion to buy or sell and when both have reasonable knowledge of the relevant facts.

The objective of the valuation analysis was to arrive at a range of value for the ordinary shares in order to compare to the Offer Price. The results of our valuation analysis support our fairness conclusion.

Fairness Conclusion

Based upon and subject to the foregoing, JMMB is of the opinion that the Consideration under the Offer is fair, from a financial point of view, to the Shareholders of tTech.

Yours faithfully,
